## Product Bulletin 081007

August 2007

### ***Introducing the BHS Magnet Cable Mount; a Simple Solution to a Continuous Problem***

The BHS Magnet Cable Mount is a convenient tool that safely secures battery cables to prevent cable damage and create a clutter-free environment for any battery cable application.

#### ***It's as easy as 1-2-3!***

1. Loosen the nut and place the battery cables within the slots.  
Intended for two standard battery cables, the Magnet Cable Mount is adjustable for 1/0 to 4/0 size cables.
2. Tighten the nut to secure the cables.
3. Attach the Magnet Cable Mount to any metal surface providing convenient access to your cables.

Product Code CR-M

***Keep battery cables safe and out of your way!***
